Draft bill aims level-playing field for ports, new dispute resolution mechanism

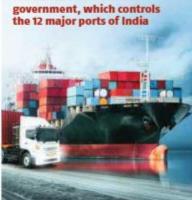

New Delhi, 18 August

▼ he Ministry of Ports, Shipping and Waterways has released a draft to amend the Indian Ports Act, 1908, which aims to bring in sweeping reforms in the sector by bringing non-major ports into the national fold, creating a new mechanism for resolution of disputes, and empowering maritime state development council (MSDC). The draft bill will see comments from stakeholders before being tabled in Parliament.

"The Indian Ports Act, 1908 is more than 110 years old. It has become imperative that the Act is revamped to reflect the present-day frameworks, incorporate India's international obligations, address emerging environmental concerns, and aid the consultative development of the ports sector in the national interest," the shipping ministry said.

The draft bill seeks to eliminate delays in decision making for non-major ports through the creation of a council, which will be chaired by the Union minister for ports, shipping, and waterways. "MSDC will ensure cooperative federalism where Centre and State/UT (union territory) governments will work together towards preparing a progressive road map for the country," the ministry said.

However, sector experts say the draft bill could face the same fate as the Major Ports Authority Act amendment, which Experts feel the draft bill can face the fate of the Major Ports **Authority Act amendment,** which faced criticism over the possibility of higher concentration of power in the hands of the central government, which controls the 12 major ports of India

was introduced last year and faced criticism over the possibility of higher concentration of power in the hands of the central government, which controls 12 major ports of India.

While most central and state stakeholders find a seat in this council, all final binding powers rest in the hands of the chairperson, who, according to the proposed amendment, is the Union minister of ports. Senior officials in the ministry

told Business Standard that the draft bill seeks to create a level-playing field for all ports as major ports act under the aegis of central regulations while non-major, especially private ports, function through respective state maritime boards and local legislations.

"We need to bring this parity as soon as possible and our intention is to have the bill cleared by the winter session of Parliament," the official said.

Sector watchers also stressed on the lack of provision of participation from the private sector, whose role in the port sector has been growing over the last decade. A Mumbai-based port sector expert said there was a growing need for private sector players to have some participation in the MSDC. Three earlier versions of this bill were shared with major ports, state governments, and state maritime boards, and their feedback has been incorporated in this draft, which is likely the Centre's final stand on the issue.

One of these earlier versions was met with strong opposition, according to reports, Tamil Nadu Chief Minister M K Stalin had reportedly written a letter to heads of all coastal states, exhorting them to register their protest against the bill, as it will take away many operational powers of non-major ports away from state governments. Odisha and Gujarat had also written to then shipping minister Mansukh Mandaviya echoing similar concerns against the draft law.

UTTAR PRADESH Work in progress for import substitution

VIRENDRA SINGH RAWAT

Lucknow, 18 August The Uttar Pradesh government is working towards import substitution to bolster the domestic industrial landscape and create mass job opportunities, which the state says would help it become a billion-

trillion economy. Chief Minister Adityanath had recently asked the micro, small and medium enterprises (MSME) department to identify top merchandise imports, which could be substituted with indigenous manufacturing and production in the state.

During the financial year 2021-22, the state clocked merterminals directly linked with domestic seaports).

The government has identified 95 items comprising the import basket. Of these, four dozen items account for imported value ranging from ₹100 to over ₹10,000 crore. These include industrial and engineering products, chemical, minerals, precious stones, agricultural/food processing items.

"The government will prepare a blueprint for manufacturing these industrial products and commodities in the state itself," Additional Chief Secretary (MSME and export promotion) Navneet Sehgal said.

Major import items include electrical and electronic prodchandise imports worth more ucts, power transformers and than \$55,000 crore via dry generators, IT/computer hard- from higher farm income.

ports (railway and road cargo ware, edible oils, fish oil, castor oil, soybean oil, thermal power plant machinery and equipment, aluminium/iron/steel/copper alloys and products, organic chemicals, jewellery,

precious stones, etc. According to sources, electrical and electronics products topped the state import chart last year with ₹10,200 crore worth of shipments. It was followed by import of different kinds of edible oils and power plant equipment.

While the state is aiming to promote the industrial and manufacturing landscape for import substitution, the government would encourage farmers to cultivate pulses and edible oil crops for paring the large annual import bill apart

parks in 1 year

will be 300 such parks.
